What will the Permission Agent be able to do in the future?

Permission Support - 2026-02-10 - [Permission Agent](#)

Over time, the Agent will:

- Connect to additional data sources (email, social accounts, connected apps) for richer earning opportunities
- Perform automated tasks on your behalf with your permission
- Operate across agents, apps, and interfaces in the agentic web
- Provide more advanced personalization based on your approved data history
